Med. Steel (c) (Hi-Flow)	9" x 14"	28	7 1/4"	168	Bare <u>Steel</u> \$169	–	–

- (a) Price includes a *pair* of Hood Louvers (except WideFlow—a single, *wide* panel), choice of color of Pop Rivets (or “Smooth-Border” Models with Heavy-Duty, Under-Panel mounting tape) and Step-by-Step Instructions.
- (b) On WideFlow™ (Hummer H3 and others), one wide panel per vehicle.
- (c) With the steel, no rivet holes, as are weld-in (steel sheet metal).
- (d) Before covered with Hood Louvers. Deduct, with Louvers in place, 10% for Hi-Flow; 25% for Regular-Flow.

-- All Louver openings are Angle Cut, except Size Rectangular and Semi-Long Straight-Cut (which are Straight Cut at a 90° angle).
 -- All Hood Louvers are packed as complete sets, with full instructions and choice of color of Pop Rivets or Smooth-Border (with under-panel tape).
 -- All Hood Louvers are approximately the same thickness and strength as your vehicle’s sheet metal: XL, XXL, and WideFlow (H3) are .063”(16 gauge) ; all others are .050” (18 gauge). Gauges listed are as measured on a standard Steel Gauge.
